Sub. : Safety and Security of the Kendriya Vidhalya Building situated at Bharatpur, Rajasthan.

Ref. : Your office letter No. : Build./KV Bharatpur/2020-21/960 Dated : 23-12-2021

Dear Sir,

With reference to above mentioned subject, there is request for providing certificate about the safety and security of school building. In this regard, it is stated that Assistant Engineer-I, Jaipur-II, Jaipur has visited the site on dated 19-12-2020 that "The life and structural safety of the building depends upon the regular maintenance of the building which is being carried out by the school authority themselves. Principal of the school have to be more cautious about the maintenance for cleaning of Roof, Chajias, Repair of Seepage, Minor Cracks, Cleaning of Sewer Line, Manholes, Gully Traps, Septic Tanks and Internal & External finishing etc. regularly.

However "As per structural safety of the building concerned New Building, structure is safe" for the year 2020-21 and old building structure is not safe (Assistant Engineer-I, Jaipur-II, vide letter No. 23(52) /स.अभि./उम-1,ज-11/2021/12 दिनांक : 04/01/2021).
